4308 Anito Mapayapa Village, Pulang Lupa Uno, Las Pinas Ciity

PROFILE SUMMARY

A motivated Information Systems fresh graduate with a strong foundation in full-stack web development, seeking to apply skills in frontend and backend technologies to build scalable, efficient, and user-focused applications while contributing to team-driven projects.

EDUCATION

- Dr. Filemon C. Aguilar Memorial College of Las Piñas**
• Bachelor of Science in Information System
- 2022-2026
- Holy Rosary Academy of Las Pinas City**
• Humanities and Social Sciences (HUMSS)
- 2020-2022

EXPERIENCE

Full Stack Developer Intern | X-Meta Technologies, Inc. | Feb 2026 – May 2026

- Full Stack Developer for the iPay International website, building scalable applications with Next.js and Supabase, including admin dashboard, data analytics, and request proposal features.
- Built and enhanced the X-Meta System (371 backend) using PHP, JavaScript, HTML, Bootstrap, and MySQL.
- Automated manual processes such as program plays monitoring, daily dashboards, and email reporting for offline devices.
- Improved backend security, system performance, and developed user management and dashboard modules.
